PROFESSIONAL EXPERIENCE

Computer Repairer

01/2022 - 07/2023

RAF Mildenhall, Suffolk, UK

- Adapted when I was pulled into work to setup an iPhone for a Senior customer
- Created a document to guide in the setup of iPhones that helped ease of use for the future employees
- Used my technical skills to install a necessary software needed for aircraft to fly
- Identified a problem with locked iPhones and authored a guide to help coworkers that encountered the same problem with customers

Warehouse Manager

07/2023 - Present

RAF Mildenhall, Suffolk, UK

- Diligently drove over 100 hours to properly dispose of over 100,000 devices
- Followed rules and regulation to clean and destroy over 1,000,000 Gigabytes of sensitive data storage
- Constantly managed SharePoint items and files for accounting for around 2,200 devices

EDUCATION

High School Diploma

TRAINING

CompTIA Security + (Expiration-08/2027)
